PRODUCT INFORMATION

Steering Special

Power Steering- and Central Hydraulic Fluid No. 300001 (RED)

STEERING SPECIAL is a fully synthetic PAO oil for central hydraulics (CHF) and power steering. The special range of application in many vehicle types is guaranteed by PAO base oils.

Typical Values			**Advantages**
Color	red		- high-wear protection - very low friction losses - optimum system cleanliness - long oil changing intervals - improved fuel efficiency
Density at 15°C	g/ml	0,833	
Pourpoint	°C	<-60	
Viscosity at 40 °C	mm²/s	29	
Viscosity at 100 °C	mm²/s	6,5	
Viscosity Index		188	

Specification
DIN 51524 T3;
ISO 7308;
