PRODUCT INFORMATION

GEN 40 PG FA

Full Ash Motor Oil for Gas Engines

No. 610040

GEN 40 PG FA 8005 is a semi-synthetic oil with high protection against acid formation, deposits and wear during the longest oil change intervals. This ash-rich formula is not suitable for catalysts and other exhaust gas after-treatment systems.

Typical Values			**Advantages**
Density at 15°C	g/ml	0,86	- optimum engine cleanliness - long oil changing intervals - high wear protection - high oxidation stability
Pourpoint	°C	<-20	
Viscosity at 40 °C	mm²/s	120	
Viscosity at 100 °C	mm²/s	13,5	
Viscosity Index		109	
Base Number	mgKOH/g	10	
Sulphated ash	%	0,98	

Specification

SAE 40;
Wartsila NSD Crepelle 26;
GE Jenbacher für TI 1000-1109;
MAN M 3271-4;
MTU Onsite Energy Serie 400;
Waukesha;
MWM TR 0199-99-2105
