All Saints is a co-educational Roman Catholic secondary school with a comprehensive intake. Its purpose is to provide a suitable catholic, academic education for all its pupils, within which each may develop towards his/her full potential.

- To encourage the pupils to develop a love of God and of Jesus Christ his son; to gain knowledge of the teachings of Jesus and of the beliefs and practices of the Roman Catholic Church; to teach pupils by word and example what is involved in a Christian way of life.
- To develop the school as a caring community, whose members have respect for themselves and others and an awareness of the needs of others both in the school and in the wider communities of parish, town of Kirkby and the society of which we are all part.
- To develop the pupils' critical powers and to encourage a positive contribution towards society, infused by Christian values and standards, in particular recognising the dignity of each individual as a human being.
- To provide each pupil with a broad, balanced and relevant curriculum which promotes the spiritual, moral, cultural, mental and physical development of pupils.
- To provide pupils with the skills, qualifications and experience which will enable them to take their place in society.
- To encourage in pupils a desire and willingness to acquire knowledge, skills and experience.
- To encourage the pupils to appreciate the virtues of cooperation and consideration, and to develop a sense of responsibility and self-discipline.

"At All Saints Catholic High School, my ambition is to develop every student through an inspiring Catholic education - equipping them with the faith, experiences, and achievements needed to flourish in their communities and a rapidly changing world."

Ed Cassidy - Headteacher, All Saints Catholic High School

Mission Statement

All Saints is a Catholic voluntary aided high school, which serves the Catholic community of Kirkby.

We will provide a Christian education for all pupils based on the teachings of Jesus and the spirit of the Gospel. The whole life of the school will be determined by the Gospel values of love and justice.

We will always value and care for all members of the All Saints community according to their needs and will affirm and nurture the development of all.

We believe this can only truly be realised in partnership with parents, the parishes and the wider community.

At All Saints Catholic High School we want parents/carers to be equipped with Information Advice and Guidance (IAG) so that they can support their child in getting the very best from their education.

In addition to our Mission Statement ‘Love & Justice’ we aim to ensure that pupils leave with high aspirations, built in resilience and equipped with the knowledge, skills and behaviours to achieve them.

We want each child to have enrichment and extracurricular opportunities that they will be proud to participate in as a representative of the school.

We also want our parents/carers to have access to information, knowledge and skills to support their child.

All Saints Catholic High School is a Knowsley based Catholic secondary school educating pupils aged 11–18 years of age in the Kirkby area of Merseyside. The school also operates a small specialist sixth form.

We have a PAN of 210 in each year group, and a current sixth form of 80 students, making us the largest school in Knowsley. The majority of our students enter our school in year 7 from our local feeder primary schools within Kirkby. We work hard to foster good relationships with our local primary schools and a particular emphasis is placed on transition to year 7.

Our school is located close to the town centre and the two train stations in Kirkby. We are in a modern building, constructed in 2010, with 1121 students and over 140 staff onsite. Our facilities include a light and welcoming atrium, a well resourced library, modern sports hall and gym, a dance studio, music practice rooms, Science labs, DT, Engineering and Food rooms and a specialist Sixth Form area. In addition to the indoor facilities, there are well maintained grounds which include social areas, a 3G astroturf pitch and a large playing field for grass pitches and athletics.

Each member of staff receives an Apple Mac laptop and all students and staff work on Google Workspace. All students in years 10, 11 and Sixth Form are provided with a Chromebook to facilitate their digital curriculum work using Google Classroom.
