Greenslopes Babies

Paediatric Care for your Baby

Estimate of Medical Fees - DVA

The following is an estimate of the likely medical costs you will be required to pay for your in-hospital stay paediatric services. These are a requirement of Greenslopes Private Hospital – all healthy babies routinely require and receive an initial and a pre-discharge check.

These are an out-of-pocket expense that usually attract a Medicare rebate.

Required paediatric consultations for a healthy baby:

Visit type	Item #	Fee	Rebate	Minimum total
Initial	110	$565.00	$155.85	$830.00 + applicable Tyro merchant fee
Discharge	116	$265.00	$77.95	

Total prepayment required for Paediatric services: $830.00 + applicible Tyro transaction fee.

If unforeseen circumstance should arise for your baby during admission, it may be necessary to arrange additional medical services. If this happens, there may be additional costs to you that are not covered by this estimate.

Please note that this is an estimate only of the fees charged by this practice. It does not cover services provided by other doctors, such as anaesthetists, radiologists or pathologists, or other costs associated with your stay in the hospital, such as, accommodation, pharmacy or physiotherapy.

- Once you reach your relevant Medicare safety net threshold, you may be eligible for additional benefits, in addition to the standard Medicare benefit. Please contact Medicare for more details.
- With the right level of health insurance cover, your baby will be covered in the event of an admission to the Special Care Nursery. As each private health fund has different qualifying requirements and cover arrangements, please check with your fund to see if you have cover in these circumstances. However, if your baby stays with you in the Maternity ward, only you are covered, as your baby is not an inpatient in this circumstance.
- If you are a member of the Australian Defence Force, please ensure that your medical cover is extended to cover your baby before you are admitted to Maternity.
- Friendly reminder to upgrade your cover – Please ensure that you upgrade your level of private health insurance to include new addition/s well in advance of your due date. This is to make sure that any applicable waiting period has ended before your admission to Maternity.
- This fee is also to provide paediatric care for your baby 24 hours a day from birth to discharge.

Greenslopes Babies

All healthy babies routinely require and receive Initial and a pre-discharge check

- These checks are a requirement of Greenslopes Private Hospital.
- These are an out-of-pocket expense that usually attracts a Medicare rebate.
- This fee is also to provide paediatric care for your baby, 24 hours a day, from birth to discharge.
- At 20 weeks you're required to complete an IFC (Informed Financial Consent).
- At 32 weeks the payment will be due for the paediatric care services.
- Once your baby is born, please email us the following:

  Baby Full Name - ASAP
  Baby DOB - ASAP
  Baby Medicare Card Details - when available
  Baby Private Health Details - when available

- When we have these details, we can issue you with a receipt to claim the services from Medicare.

Please ensure that you upgrade your level of private health insurance to include new additon/s well in advance of your due date. This is to make sure that any applicable waiting period has ended before your admission to Maternity.

Two things you need to do before your baby arrives!

1 Register your Baby for Paediatric Care

At the time of your delivery, you are required to have a paediatrician in attendance.
Patients are required to complete a registration form and make a pre payment for this service.
