2026-27 SEASON

# CENTER STAGE AT The Young Performing Arts Center

UNIVERSITY OF WISCONSIN-WHITEWATER

LIMITED TRANSPORTATION FUNDING AVAILABLE

Sponsored in part by: McCullough's LTC Pharmacy

## OCEAN BLUE

**FRIDAY, FEBRUARY 12, 2027**
**10AM**
**GRADE LEVEL: K-5**

Ocean Blue is a visually stunning theatrical adventure through Earth's oceans. When Charlie, a young crab seeking a new life, is swept into the deep-sea trench known as "The Gully," he begins a journey across the Atlantic, Arctic, and Pacific, meeting whales, sea turtles, and other marine life.

Along the way, Charlie learns courage, kindness, and the power of friendship. Brought to life by Mermaid Theatre of Nova Scotia, the show features puppetry, digital projection, and original music. Designed for ages 5+, this one-hour performance inspires curiosity and wonder about ocean life.

## BILL BLAGG'S MAGIC IN MOTION

**FRIDAY, MARCH 5, 2027**
**10AM**
**GRADE LEVEL: 1-5**

Bill Blagg's Magic in Motion blends magic and physical science into an exciting, hands-on learning experience. In this interactive show, students watch ordinary objects defy gravity and come to life while discovering how science creates "magic." They explore key concepts like force, energy, friction, and motion through fun experiments that make the impossible seem real—like becoming stronger than their teachers or making objects move without touch. This engaging program inspires students to see how physical science works in everyday life—all through the wonder of magic.

## PUPPY PALS LIVE

**THURSDAY, APRIL 1, 2027**
**10AM**
**GRADE LEVEL: K-5**

Puppy Pals Live is an action-packed, educational stunt dog show featuring rescued dogs performing spectacular tricks, often seen on "America's Got Talent". The show offers a "Anything is PAW-SIBLE!" educational program focused on social-emotional learning principles (The 5 P's: Practice, Patience, Persistence, Positive Attitude, and P-FUN) for school audiences.
