Bari Gas Stove Features

Ceramic Firebox Panels

Ceramic panels line the back wall of the firebox. The panels have a textured surface and a gloss finish that reflects the light of the fire throughout the firebox.

Integral Safety Screen

Our curved safety screen is integrated seamlessly, completing the design of the stove and increasing the realism of the gas fire.

Log Set Options

Our realistic ceramic logs match the flame pattern. They sit above a bed of glowing embers.

Choose from 2 styles:

Split hard wood

Split birch

Programmable Remote Control

Fully programmable with a 7-day schedule in automatic thermostat mode, or manual On/Off operation. Battery-powered RF communication provides convenient wireless stove control.
