FLOORING & WALLING

Driftwood Limestone

Driftwood Limestone is a sedimentary limestone with a nuanced grey that recalls natural concrete. Its raw, tumbled surface suits refined, contemporary or industrial spaces, both inside and out.

This is an aged finish. Edges will be uneven and some will be chipped, which is the aged look we expect from this stone.

TILE SIZE OPTIONS

RRP / m² · INC. GST

150 × 150 × 15mm	$161.77
Random Lengths · RL × 400 × 15mm	$148.83

COPING / STEP TREAD

RRP EACH · INC. GST

Tumbled Edge · 800 × 400 × 30mm	$84.12

RRP includes GST and is subject to change. Contact Tumbled for current trade pricing.
Lead time is 26 weeks. Customisation is not available on this stone.

Natural stone comes from the earth, each piece is unique. Variations in colour, texture, tiny holes and natural markings are part of its character.

SEALING & CARE

Tumbled recommends sealing all natural stone. For coping, preseal all six sides with Defender CSD Pure (AP675), then finish with Stone Sealer Gold (AP177) or Solv Sealer Gold (AP176), Actichem. For ongoing care guidance, visit tumbled.com.au.
