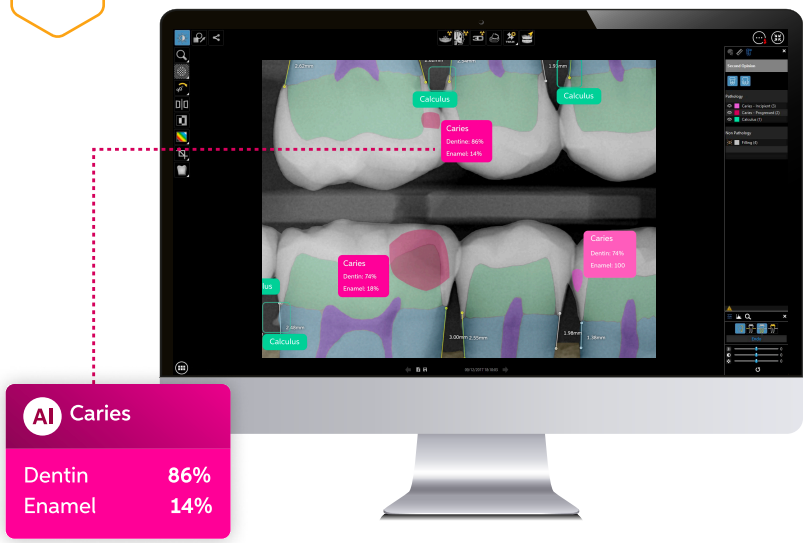
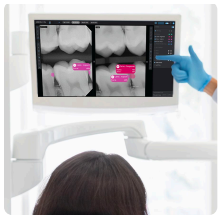
Carestream DENTAL | pearl

Second Opinion®

AI-powered radiology for smarter dental diagnosis and case presentation.



- Detect more disease
- Increase case acceptance
- Guaranteed ROI



Higher diagnosis & production rates

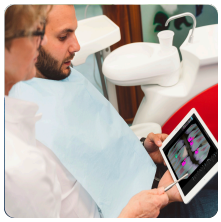
Pearl offers the widest array of AI detection, clinical annotation and case presentation tools to enhance the value of every x-ray captured.

More compelling case presentations

Pearl delivers AI results seconds after x-rays are captured, ensuring efficient and productive chairside review & case presentation.

Clear, colorful reports for patients & payers

Downloadable patient take-home, insurance evidence and morning huddle reports deliver AI findings in a clear, compelling and easy-to-share package.



Easy integration & onboarding

The intuitive modern interface makes AI easy–and, because it's cloud-based, Pearl untethers your imaging workflow for instant imaging access anywhere.
