Easifold 1250L / 330G

The foldable liquid bulk container

This 1250-liter food-grade foldable container, made from virgin PP, is designed for both low- and high-viscosity liquids in industries such as food, cosmetics, and pharmaceuticals. Equipped with a sealable lid and aluminium-reinforced side panels, it ensures secure liquid handling. Features include a drop door, three runners for easy transport, and a bottom discharge to minimize residue. Its high folding ratio optimizes space during storage and return transport.

Sustainable

Ultra-durable containers can be reused for years and the plastic is recycled at the end.

Built for automation

Consistent dimensions, smooth system flow, and easy handling by a single operator.

Foldable

To save space in return logistics

Characteristics

Lid	Yes
Material	PP
Temperature (C°)	-20C to +50C

Dimensions

External (L x W x H)	1219 x 1118 x 1195
Internal (L x W x H)	1189 x 1062 x 1040
Folded (L x W x H)	1189 x 1062 x 320
Weight (kg)	108
Volume (l)	1249

Loading capacity

Static load capacity (kg)	7500
Dynamic load capacity (kg)	3000

Loading quantities

Units per trailer	44
Units per trailer (folded)	192
