Pikos Institute
CREATING SURGICAL EXCELLENCE®

BIOHORIZONS®

The Pikos Institute, recognized as a premier provider of advanced dental implant training, is proud to partner with BioHorizons in delivering world-class educational experiences to clinicians nationwide.

Together, this collaboration brings DSOs a unique opportunity to access a comprehensive suite of hands-on, CE-based implant courses focused on advanced surgical procedures—designed to elevate clinical skills, standardize protocols, and improve patient outcomes.

As a trusted supporter, BioHorizons shares in the commitment to excellence by helping make these high-impact programs accessible to clinicians seeking to grow within a thriving implant practice.

Together, the Pikos Institute and BioHorizons are shaping the future of implant dentistry—one skilled clinician at a time.

Award-Winning Oral Surgery & Dental Implant Training

At the Pikos Institute, we are dedicated to advancing the art and science of implant dentistry through exceptional continuing education. Guided by a philosophy that combines innovation, precision, and comprehensive care, we aim to empower clinicians with the skills and knowledge needed to excel in their practices.

What sets the Pikos Institute apart is our unwavering commitment to excellence in dental implant education. Founded on a legacy of innovation and expertise, we combine cutting-edge science with proven clinical techniques to create a truly transformative learning experience.

Our courses go beyond theory, providing hands-on training, personalized mentorship, and real-world applications to help you achieve mastery in your craft, elevate your skills, enhance your practice, and make a lasting impact on your patients' lives.

Course Overview

The BioHorizons Partner Discount program can be enjoyed when more than one clinician wants to register for a particular course. Group registrations and discounts can be arranged through BioHorizons or the Pikos Institute at 727-781-0491.

Testimonials

What attendees are saying

> Best CE I have attended in the past 23 years!
>
> **Dr. Bryan Neuwirth, OMS**
> Conover, NC

> I always expect to get a pearl or two from CE, but this was exceptional. I got a big PEARL –
>
> Are you kidding me – I got a whole oyster! Great one-of-a-kind course.
>
> **Dr. Douglas Harshberger, GP**
> Independence, MO

> I have attended Pikos courses and symposiums for the last 25 years and always walk away impressed. The Guided Surgery course was no exception. The knowledge and experience delivered through this course is invaluable to anyone who wants to provide state of the art immediate load cases.
>
> **Dr. Nelson Eddy, Perio**
> Rockhill, SC

> These courses (bone and soft tissue so far) are providing the sound evidence/ science for what we put into clinical practice. The material is presented in a step-by-step fashion so you can begin applying the technique immediatley when you return to your practice.
>
> **Dr. Andrea McPhillips, OMS**
> Stephenville, TX

> This is one of the most fantastic courses I have taken. The pace and content are practical and extremely well conveyed and demonstrated... In a day and age where the complexity of dental technology and dentistry as a whole, continues to outpace our abilities to adapt, Dr. Pikos and his incredible team courageously forge forward into the unknown – graciously and humbly expanding our abilities to provide state-of-the art care to our patients and communities in a display of surgical, restorative and didactic brilliance.
>
> **Dr. Jason Stoner, Perio**
> Dublin, OH
