Review & submission

Grant Consideration Process

Your application will be reviewed and voted on by the One805 Board and Advisory Council. Funding is dependent on available donated funds as well as the priority of your request in relation to other needs.

We will consider exceptions to our threshold as our funds allow. Items submitted above the set threshold, and not able to be met initially will be separately considered. Any needs above and beyond the grant may be resubmitted in the next cycle of applications the following year.

Your grant application will be considered open for the calendar year in which it was submitted or until it is either funded, no longer a need or declined. If declined, you will be notified within 30 days of submitting a grant application.

Vendor quotes and invoices should be valid until January 31st of the following year.

Payments are made directly to vendors and so invoices should be presented to One805 as such.
