

B3CF - British & Commonwealth
Chamber of Commerce in Finland

B3CF EVENTS

**A Showcase of Business,
Cultural and Community Engagement**

FLAGSHIP EVENTS

At the heart of the Chamber's calendar are our Flagship Events, prestigious occasions that embody the values of diplomacy, heritage, and business leadership. These exclusive gatherings offer a refined platform for our members and partners to engage with senior decision-makers, visiting dignitaries, celebrities, and international thought leaders.

"The Patrons Dinner at Billnäs Gård was not only thoroughly enjoyable but also deeply engaging.

The quality of the discussion and the calibre of attendees at the event were truly impressive."

**-The Rt Hon The Lord Mayor of London
Alderman Alastair King DL**

Continuing the Tradition of Excellence

Held in exceptional settings and organised in close cooperation with our members, our dinners and galas are meticulously curated to foster meaningful dialogue, celebrate Commonwealth ties, and reinforce the special relationship between the United Kingdom and Finland.

From Patrons Dinners to Anniversary Banquets, these prestigious occasions exemplify our commitment to excellence, cultural exchange, and high-level networking. They provide a unique platform for leaders across sectors to connect, collaborate, and shape the future of international trade and cultural relations.

MEMBER EVENTS

At the core of our Chamber community are our Member Events: regular gatherings designed to inform, engage, and connect. These events foster direct dialogue, strengthen professional relationships, and ensure members remain at the forefront of business and policy developments.

"It was a true pleasure to host B3CF members at our premises today. Wonderful to share brunch, great conversations and a warm ambience."

Strengthening Connections Across the Chamber

Our member-focused events range from topical Breakfast Updates and Networking Receptions to Outdoor Gatherings. Designed to encourage interaction across industries and seniority levels, these events provide a platform for open discussion, business insight, and collaboration within a trusted setting.

By facilitating recurring touchpoints throughout the year, Member Events enhance cohesion within our diverse network. They also serve as an entry point for new members, fostering early engagement and long-term involvement in the Chamber's broader activities.

SECTOR-SPECIFIC EVENTS

Our Sector-Specific Events bring together leaders and experts from priority industries to explore emerging trends, challenges, and opportunities. These focused sessions deliver timely insight and foster collaboration across the UK–Finland–Commonwealth business landscape.

“Congratulations on a successful event!”

**-Wing Commander Steve Boyle,
Defence Attaché (Ret.), British Embassy
Helsinki**

Driving Insight and Industry Leadership

Covering key business areas, our sector events are designed to deliver thought leadership and actionable intelligence. These sessions connect members with policymakers, advisors, and industry pioneers, offering in-depth dialogue on evolving market conditions and strategic opportunities.

By focusing on sectors critical to Commonwealth trade, these events enable members to position themselves at the forefront of innovation and policy development. Whether through NATO briefings, energy roundtables, or economic outlook forums, participants gain practical value and connections.

COMMUNITY ENGAGEMENT

Our community-focused events bring people together beyond business, building relationships, celebrating shared values, and supporting causes that matter. These gatherings reflect the Chamber's commitment to inclusion, philanthropy, and the human side of diplomacy.

"The Women's Day celebration was extra special as IWF Ry, the Embassy of India in Helsinki, and the British & Commonwealth Chamber of Commerce in Finland came together to host an inspiring event. The collaboration highlighted the need for equality, inclusion, and real action to accelerate progress."

-Perna Bhushan
Indian Women in Finland Ry

Celebrating Shared Values

Community Engagement events, such as the Big Curry Lunch, International Women's Day, and our annual Golf Day, offer informal settings for members and guests to connect. They blend purpose and enjoyment, raising awareness, supporting charitable initiatives, and creating a platform for cultural exchange.

These events extend the Chamber's reach into civil society, fostering goodwill and stronger ties across communities. Whether promoting diversity, supporting veterans, or simply enjoying shared moments, our community gatherings reinforce the Chamber's belief that strong business thrives in strong communities.

INTERNATIONAL ENGAGEMENT

Our international activities extend the Chamber's reach beyond Finland, connecting members with global opportunities, strategic partnerships, and the wider Commonwealth business ecosystem. Through curated delegations, official visits, and collaborative events abroad, we support member visibility on an international stage.

"Being part of the British & Commonwealth Chamber of Commerce in Finland has opened doors to networks and opportunities we couldn't have accessed alone. From closed-door events in London to meaningful partnerships, it's a platform that delivers both business value and purpose."

**-Kalle Salminen
KS-Group**

Connecting Members with Global Hubs

As a member of the British Chambers of Commerce Global Business Network, B3CF regularly organises visits to London, the world's financial and diplomatic capital. From the Lord Mayor's Show to partner-led roundtables and sector tours, our delegations gain access to influential networks and key market insights.

We also support member participation in overseas events, Commonwealth initiatives, and regional business missions. These experiences offer practical value, help build international relationships, and strengthen the Chamber's voice across borders.

*"British & Commonwealth Chamber of Commerce
in Finland has been a splendid networker and a
global business contact platform.
I see the organisation as an enabler to update and
improve the image of free trade, equality and
cultural sharing."*
