M4000 SERIES SPRAYERS

INNOVATIVE SPRAYERS. DELIVER PERFORMANCE THAT PAYS.

INNOVATIVE SPRAYER ENHANCEMENTS PUT TO WORK TO MAXIMISE YOUR YIELD AND DELIVER PERFORMANCE THAT PAYS.

WHEAT | CORN | SOYBEANS

BOOMTRAC™ PRO 2

For the highest level of spray accuracy with less drift and reduced risk of boom damage, look to the BoomTrac Pro 2 automatic boom-height control system.

SOLUTION PUMP UPGRADES

A durable and resistant solution pump is crucial to keeping machine uptime high during the demanding application season. All model year 2023 M4000 Series sprayers will be equipped with the new Wet Seal Technology Solution pump, ensuring durability and uptime.

CROP CLEARANCE

The 1.7-m (5.6-ft) underframe clearance on the John Deere M4030/40 Self-Propelled Sprayer allows you to spray later in the season. It will help you spray in advanced stages of tall crops like corn, sugar cane, and sunflower and still minimize crop damage by contact.

EXACT APPLY

Fertilizers and crop protection products are too expensive to waste, and seed is too valuable to risk over-or under-treating. To help make sure your solution is getting to the crop at exactly the right rate and droplet size across a wider range of speeds, John Deere offers ExactApply nozzle control system.

BOOM AIR PURGE

An optional cleanout feature called boom air purge forces air through the boom to help clean out the solution plumbing during product changeover. When activated on the 4600 CommandCenter™ Display, air from the on-board air tank is routed to the booms to purge out any additional water or product through the nozzles.

FIELDCRUISE™

- Reduction in fuel consumption up to 6 percent when using FieldCruise.
- Get optimized engine rotation according to field conditions.
- Compensates engine rpm to maintain the set value regardless of the load applied to the engine.
- Allows the operator to set a predetermined engine speed.
- Engine must be running to activate FieldCruise.

M4025
Rated Hp: 149hp
Solution Capacity: 2500L
Boom Length: 27.4 - 36.6m
Crops Clearance: 160cm
Spray Speed: 0-25km/h

M4030
Rated Hp: 183hp
Solution Capacity: 3000L
Boom Length: 27.4 - 36.6m
Crops Clearance: 170cm
Spray Speed: 0-30km/h

M4040
Rated Hp: 275hp
Solution Capacity: 4000L
Boom Length: 30.5 - 36.6m
Crops Clearance: 170cm
Spray Speed: 0-40km/h
