

The Quiz with Balls

Season 4

The Quiz With Balls pits brains against balls combining a high-stakes quiz show with a large-scale physical competition. Each episode features teams of friends, colleagues or family members competing for a big cash prize in a “battle of the balls”. Teams must all work together as they face a multiple-choice quiz. If the correct answer is chosen, the ball rolls down and stops just before colliding with the player… if there’s a wrong answer, the massive ball mercilessly whacks them into the pool below. The more players each team loses, the harder the questions get. But the longer they last, the higher they climb up the money ladder, until one team beats the balls and the bank to win the big cash prize.
