# *Why We Give God Thanks and Praise*
# *"Because He Is Lord of All!"*
# *Psalm 103:19-22*

**Introduction:**

**Relevance**: Roger Ellsworth made the following observation about this psalm. He wrote, "David traverses much ground in this psalm. He calls for praise from his own heart and finally ascends to call for praise from heaven." In another place he explained, "Wherever God's dominion is to be found, praise is to be offered. Since there is no corner or crevice of the universe where it cannot be found, praise is due from all."
