

## **FOR IMMEDIATE RELEASE**

### **Kohan Retail Investment Group Heads to ICSC Las Vegas Focused on Leasing, Partnerships, and What's Next**

**Great Neck, NY, April 28, 2026**, Kohan Retail Investment Group will attend ICSC Las Vegas with a clear focus on leasing momentum, strategic partnerships, and the continued evolution of its national retail portfolio.

The company will be in Central Hall at Booth 2715F, where its team will meet with tenants, brokers, service providers, community partners, and real estate professionals to discuss opportunities across its retail properties.

"We are coming to ICSC Las Vegas with a focused message: we are ready for what's next," said Mike Kohan, Principal. "Our portfolio represents opportunity across markets, and we are looking forward to meaningful conversations with the retailers, brokers, and partners who can help shape the next chapter of these properties."

Kohan Retail Investment Group's portfolio includes retail destinations across the country, with opportunities for traditional retailers, restaurants, entertainment users, medical and service-based concepts, local operators, pop-ups, and specialty leasing partners.

At ICSC, the team will focus on connecting with brands and partners that align with the way retail is evolving, more experiential, more community-driven, and more flexible.

"Our properties are more than square footage," said Ed Vasconcellos, Senior Vice President of Leasing. "They are platforms for retail, services, events, local business, entertainment, and community connection. ICSC allows us to bring that story directly to the people who are building the future of retail."

The company's presence at ICSC also supports its broader branding and communications strategy, including the continued rollout of its "Ready for What's Next" platform. The message reflects Kohan Retail Investment Group's focus on practical progress, active leasing, stronger tenant relationships, and new opportunities across its portfolio.

Retailers, brokers, and partners interested in scheduling time with the Kohan Retail Investment Group team at ICSC Las Vegas are encouraged to visit Booth 2715F or contact the leasing team in advance.

### **About Kohan Retail Investment Group**

Kohan Retail Investment Group is a national retail real estate owner and operator focused on acquiring, managing, leasing, and repositioning retail and commercial properties across the United States. With a portfolio that includes regional retail centers, mixed-use opportunities, and commercial assets, the company works to support tenants, strengthen local connections, and position properties for what's next.
