SPECIFICATIONS

Model: 553
Custom sizes, materials and configurations available.
Standard lead times apply.

ABOUT

The Arc cabinet's graphic in bronze on grey lacquer creates depth and movement reminiscent of Art Deco design. Central door pull is multiple layers of satin polished bronze. The bronze has been skillfully and exactly inlaid by hand into a beautifully polished, high gloss grey lacquer. The curvilinear bronze inlay wraps around the cabinet continuing the graphic for a piece which is beautiful from all sides. The base is grey lacquer with a reveal of bronze between the cabinet and base.

FINISHES

Available finishes: All level 1, 2, and 3 finishes
