CONIFERA | COFFEE TABLE

PRODUCT PHOTOGRAPHY & SPECIFICATIONS

CARLYLE COLLECTIVE

BY IRENE GANSER

DESCRIPTION

Trees are the biggest living beings on our planet. The tree used for this table was about 100 years old; when a tree is cut, its annual rings tell its individual story, wide rings a good year, narrow rings a harder one. Every Conifera table is a unique piece, produced in a special sand-casting technique and individually abraded and polished. Suitable for indoor and outdoor use.

DIMENSIONS

Top Ø 70 to 80 cm (27.6 to 31.5 in) x H 30 cm (11.8 in)

WEIGHT

Brass and bronze: 50 kg · Aluminium: 17 kg

MATERIALS

Aluminium, brass or bronze

FINISHES
