Drexi

Welcome to Drexi!

We're bringing transparency to the healthcare industry and we're glad to have you with us. This guide will review the process to get your account linked to your member ID as well as highlight some features that you may find helpful. Should you have any questions, your account is available 24 hours a day at www.drexi.com and our support team is available via phone and email.

Drexi Support	
Email	support@drexi.com
Phone Number	844.728.3479
Hours	Monday - Friday: 5am - 6pm Saturday: 8am - 12pm *MST

For a sample listing of medications and cost structure, click here to view the Preferred Drug Listing with a sample of 800+ medications that are **Tier 1:** $0, along with a sample listing of medications that fall under three additional price tiers:

Tier 2: up to $10 **Tier 3:** up to $25 **Tier 4**: up to $50

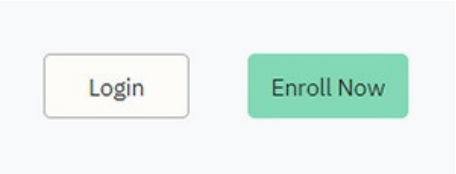
The Drexi portal has the most up to date and accurate pricing information. Follow the steps below to create your account and login to see pricing for all prescription medication and local pharmacies.

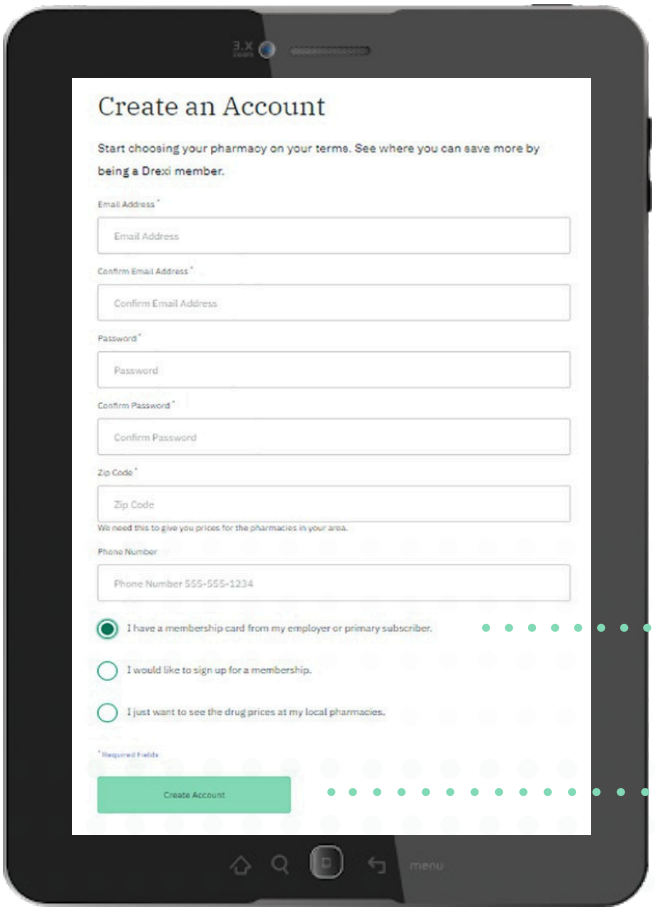
Drexi

DREXI USER ACCOUNT

Your member ID is your ticket to savings. In order to see specific pharmacy pricing, you'll need to create a user account and link your member ID. Each member and dependent will have a separate user account and login. To create an account and link your membership, follow these steps:

STEP 1: Go to www.drexi.com on your PC or mobile device and select "Enroll Now"





STEP 2: Enter and confirm your email address, password, phone number, and zip code, then select **"I have a membership card from my employer or primary subscriber"**

STEP 3: Select "Create Account" - an automated email will be sent to you to validate your email.

DREXI USER ACCOUNT

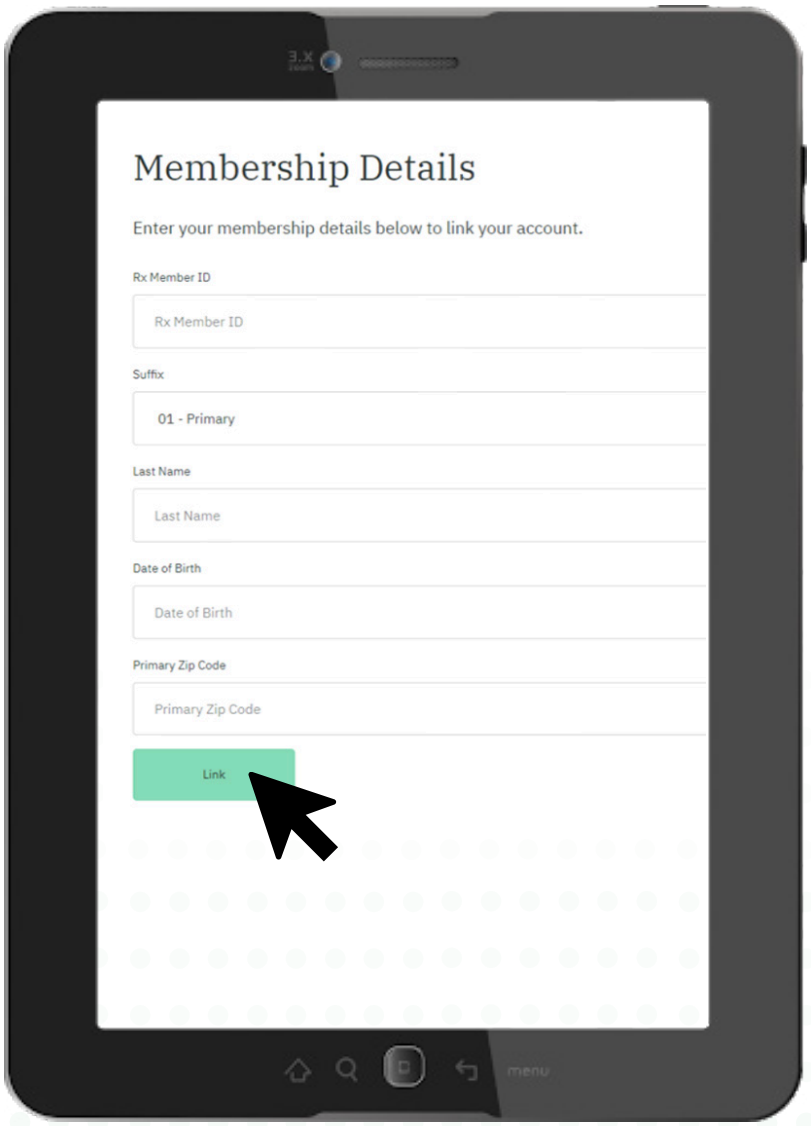
STEP 4: Click the link in the email to validate and login to Drexi with the email and password you registered.

STEP 5: Enter your prescription Member ID from your card.

STEP 6: Choose the member suffix that you've been assigned, also on your card.

STEP 7: Verify your last name, date of birth, and zip code.

STEP 8: Select "Link" and you are ready to put Drexi to work!



DREXI DRUG SEARCH

One of the most powerful features of Drexi is the Drug Search functionality. This feature will not only allow you to search for your prescription medication and find the best price, but it also does a lot more than that!

Drexi Knows...

Your Cost Per Prescription:

Drexi Drug Search knows what you will pay, prior to going to the pharmacy.

Your Location:

With your address on file with Drexi, or you allow location services in your browser, Drug Search will automatically provide you with results in your area. This allows you to easily find the best price for you at home, work, or when traveling.

Pharmacy Prices:

Drexi will show you all of the results in your area and provide you with recommendations based on the combination of price and distance. The choice is yours!

Drug Equivalents:

Maximizing your savings is what Drexi does best. If there is a generic drug alternative available, Drexi will suggest it for you! If you need the specific brand, you have the option to select that in the "Drug Type" menu on the search results page.

Multiple avenues to fill a prescription:

Drexi lets you see if there are coupons, mail order options, or other ways to fill your prescription.

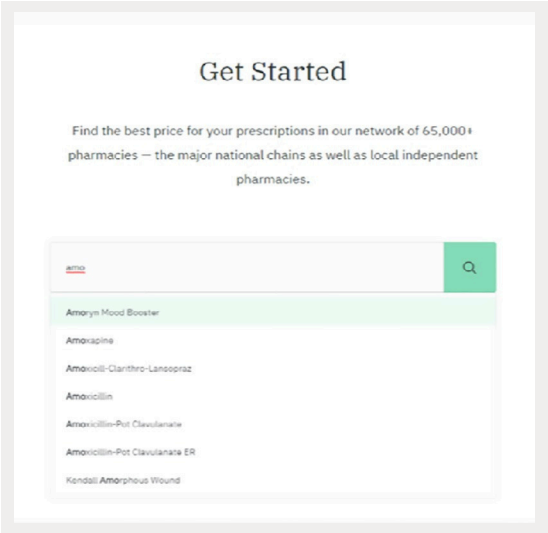
PRO TIP!

Work with your physician.

You can login to Drexi while you are with your physician. This can help you decide which manufacturer's drugs and pharmacy to utilize. You can work together to see if a generic alternative may be right for you, or if there are other options to minimize your out-of-pocket costs.

PREDICTIVE SEARCH

Drexi uses predictive search to help you find the drug you are looking for. Simply start typing and you can select from the list.



Search Alerts

Drexi's application can provide you with a number of alerts when searching. These alerts include generic bio-equivalent recommendations as well as a variety of other options. These messages are displayed in the search screen for you to review. Here is one example:

> A generic version of the drug you requested is available, and we are showing you that price. If you want to compare or see the brand cost, you can switch in the "drug type" drop-down.

Membership Services

Your membership information is available 24 hours a day via the Drexi online application. It includes access to your benefit information, including your prescription membership card. Our support team is ready to assist you should you need any assistance.
