

GRO-BARK®

CLASSIC CEDAR MULCH

Technical Data Sheet

PRODUCT DESCRIPTION

Gro-Bark's classic cedar mulch consists of freshly shredded white cedar bark, with minimal woody pieces. Its fibrous texture knits together providing weed suppression and moisture retention. Classic cedar mulch also helps to keep the soil cool and aerated, while promoting growth of beneficial microorganisms in the soil below.

Classic cedar mulch has a strong cedar aroma and a golden brown colour that greys with age.

TYPICAL ANALYSIS

pH*:	5.5 - 7.0
Moisture Content:	45 - 55%
Organic Matter Content:	> 80% by weight (dry)
Size Gradation:	97% ≤ 1", 66% ≤ 5/8"

APPLICATIONS

Classic Cedar can be used as mulch for a variety of plants including trees, shrubs and perennials. Classic Cedar mulch is slow to decompose which provides long lasting weed suppression for garden beds and planters.
