1. In 1 Kings 11:38, God promises Jeroboam that He will be with him if he remains faithful. Yet in 1 Kings 12:26–30, Jeroboam builds golden calves and leads the people away from worshipping God. What do these passages reveal about the impact of fear on our trust in God's promises?

2. In Luke 4:5–8, Satan offers Jesus power and glory without the suffering of the cross. Why do you think Jesus responds by saying, *"Worship the Lord your God and serve Him only"*? What does this teach us about true worship?

3. Jeroboam feared losing control, while Jesus chose to trust and obey His Father. When you face uncertainty, are you more likely to try to control the situation or surrender it to God? What helps you trust Him?

4. The message described worship as more than singing. It can be expressed through everyday faithfulness, service, obedience, and sacrifice. Where have you experienced worship becoming part of ordinary daily life rather than just a Sunday activity?

5. Romans 12:1 encourages believers to offer their lives as a *"living sacrifice"* of worship. What is one area of your life where God may be inviting you to choose obedience over comfort, convenience, or personal preference this week?

6. Revelation 5:12–13 pictures all of heaven worshipping Jesus because He alone is worthy. What practical habit or decision could help you keep Jesus at the centre of your worship throughout the week, especially during busy, difficult, or disappointing seasons?
