

CUBSCOUT PINEWOOD DERBY HELD AT THE SAN RAFAEL LODGE 1108 CARRIAGE HOUSE

On Sunday, August 30th, the Marin Council of Scouting America held the Marin countywide Cubscout car races. These are the cars designed, carved and decorated by cubs. Each car must meet the same size and weight parameters so that the races are equal across the different age groups.

There were more than 40 cubs who submitted a car, and about 120 attendees to the event (parents, siblings, friends and adulte scouters). This year they raced to music, had a pizza lunch while being entertained by a magician, and had lego blocks for the non-racers to build with. This is the 3rd time that Lodge 1108 has been able to host this event for the Cubscouts.
