Keep Kinaxis.
Improve the experience.

Add the Quintus Intelligence and Orchestration Layer to your existing Kinaxis system.
Simpler workflows. Better planning outcomes.

Live in minutes.
No cost. No commitment.

1 Modern experience for Kinaxis.

Ask in plain language and work through guided missions, with less reliance on specialist screens and manual workflows.

2 Better, explainable plans.

PolymatiQ evaluates scenarios against real operating constraints. Quintus explains the trade-offs and recommended next steps.

3 Real AI without starting over.

Add supply chain intelligence and governed action above your existing Kinaxis environment while preserving your investment.

Quintus orchestrates. PolymatiQ solves. You stay in control.
