

# NOTICE OF A RATE HEARING

## Wataynikaneyap Power LP has applied for approval of its 2026 Transmission rates and other charges

Wataynikaneyap Power LP has applied to the Ontario Energy Board (OEB) for approval to change its electricity transmission rates and fixed monthly charges to Hydro One Remote Communities Inc. (HORCI) effective January 1, 2026. The application seeks orders approving the following:

- A total transmission revenue requirement of approximately \$133 million for the 2026 test year effective January 1, 2026 consisting of:
  - Approximately \$30 million to be recovered through Uniform Transmission Rates for the Line to Pickle Lake
  - Approximately \$103 million to be recovered through fixed monthly charges to HORCI for the Remote Connection Lines
- The disposition, continuation, and discontinuation of certain deferral and variance accounts

If the application is approved as filed, the monthly bill of a typical residential customer and a typical general service customer would decrease by the following amounts:

<b>Residential (750 kWh)</b>	<b>-\$0.26 per month</b>
<b>General Service less than 50kW (2,000 kWh)</b>	<b>-\$0.64 per month</b>

Any change to the provincial transmission rate will be reflected on the delivery line of the electricity bill for all electricity customers in Ontario. It is important to review the application carefully to determine whether you may be affected by the proposed changes.
