

Bold Ideas Transform the World

Hi *|FNAME|*,

Thank you for being part of the Do Bold community, where we believe in a simple truth—every migrant worker deserves to be seen, heard, and protected with dignity.

Migrant workers are among the most vulnerable to exploitation—with hundreds of thousands trapped in abusive situations.

But here's the thing: change doesn't begin with grand gestures. It starts with people like you—people who care enough to see beyond the headlines.

At Do Bold, [our work](#) is hands-on and human-centered. We're fostering resilient communities and providing vital support through repatriation assistance and advocacy for justice.

Over the last 10 years, we've repatriated more than 390 people and supplied 4,500+ workers with access to healthcare, food, shelter, and essential travel documents. We're not just treating symptoms, we're building a new foundation of dignity and safety—and we couldn't do this without you!

Thank you for being a part of this movement. **Together, we can create lasting, systemic change that protects migrant workers from exploitation.**

With gratitude,

Ekaterina Porras Sivolobova
Founder & Director
