BHD-750 ELEVATOR ENTRANCE

FOR USE ON HOISTWAYS THAT REQUIRE
BLIND HOISTWAY ENTRANCE

Belco Doors prides themselves in being the true innovator of elevator frame designs.

This entrance is based on swing door design to meet the requirements of A17.1-2025/CSA B44:25 section 2.11.1.2 Emergency Doors in Blind Hoistways.

Elevators and State Amendments to International Residential Code R321.1.1.

Belco Doors prides themselves in being the true innovator of elevator frame designs and the first to offer this 3/4" set-back frame design that will incorporate many different types of elevator approved interlocks.
