PAIGE TERNER

MUSICIAN / PRODUCER / DJ

Paige Terner is an electronic music producer and DJ blending live instrumentation, analog synths, and modern electronic production. Drawing inspiration from artists like Darius, Vandelux, and SG Lewis, his sound lives somewhere between French house, indie dance, and nu disco. Equal parts lush, funky, and feel-good, Paige makes music for golden-hour dance floors and anyone who believes life is short, so you might as well dance.

BEHIND THE DECKS

From Golden Hour to After Hours

GOLDEN HOUR

Warm synths, funky basslines, and French house grooves in the vein of Darius, Vandelux, and SG Lewis. Easy to settle into, hard to stand still to.

AFTER HOURS

The same groove with bigger builds and harder drops: Madeon’s euphoric lift, the melodic drive of it’s murph, and the grit of Justice.

FEATURED MIX / SUNRISE SET

A 66-minute set filmed from low light into sunrise through indie dance, house, French house, and unexpected edits.
