The CONTOUR®PLUS Blue meter is easy to use and highly accurate.[1*]

Easy monitoring
Ready to use out of the box* and minimal training required[1]

Standardized color-coding
The smartCOLOR® feature uses thought-leader recommended colors believed to avoid confusion and increase efficacy[2]

Second-Chance®sampling
30-second countdown to apply more blood to the same test strip and avoid re-lancing[3]

Highly accurate results[1]
Exceeds the minimum accuracy requirements of EN ISO 15197: 2015 to reliably guide patient decisions[1]

Optimized patient consultations
Syncing the CONTOUR®DIABETES app‡ with the meter allows patients to share their blood glucose reports directly with their HCP
