WANT TO KEEP A CLOSE EYE ON YOUR LAUNDRY?

LAUNDRY X-PERT

Innovative Management Information Software

- TO MANAGE AND CONTROL THE COST AND EFFICIENCY OF YOUR WASH PROCESS WITH ONE CENTRAL SYSTEM
- USER-FRIENDLY SYSTEM, ALLOWING EASY & CONTINUOUS ACCESS
- CONSISTS OF A CONTROLLING UNIT & REGULAR PC
- COMPATIBLE WITH ALL DOSING EQUIPMENT

PASSIONATE ABOUT LAUNDRY

CHRISTEYNS
LAUNDRY TECHNOLOGY

LAUNDRY X-PERT

Functionalities

1. REAL-TIME INFORMATION

Continuous logging

Info about the **chemicals**

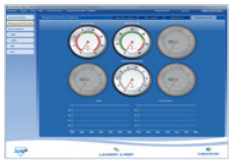
- Dosing process
  - Follow-up via flow meters
  - Optional : follow-up via ultra-sonic stock measurement
  - Compatible with all dosing equipment
- Chemical stock visualisation :
  - of the storage tanks (standard)
  - of the day tanks **(optional)**
- Basic product info

Info about the **wash process**

- Productivity (%)
- Loading (kg, %)
- Water consumption
- Parameters (temp, pH)
- Chemical programmes
- Article/ client
- Cycles
- Alarm / warning signals
- Idle time

Info about the **meter loggings (registration module)**

OPTIONAL



- Fresh and waste water values
- Heat exchange parameters
  - Temperature fresh water and waste water before/after heat exchanger
  - Flow

2. REPORTING

Real-time & historical data

Tailor-made reports possible

Standard reports on

- Total costs
- Key Performance Indicators- general
- KPI's per tunnel / WE
- Alarm & warning messages

OPTIONAL

Report on disinfection

- In line with RABC : European standard **EN14065**
- On batch level
- Proof of :
  - Detergent flow
  - Thermal and chemical disinfection
  - Correct water usage
  - pH (monitoring of 2 ranges)

In case of alarm, tunnel washer can be stopped

Basic configuration

Modular system

- Maximum 8 modules
- 1 module for 1 tunnel washer or for 1- 15 washer extractors

Controlling unit & pc

- Consist of controlling unit and regular PC
- Does not include the dosing equipment
- Back up system with databuffer

Features & Benefits

FEATURES	BENEFITS
REAL-TIME INSIGHT in the right information	Ensures OPERATIONAL EFFICIENCY
Clear REPORTING	Allows to make COST CONTROL decisions
COMPATIBLE with other systems	Permits system HARMONISATION & simpler monitoring
REMOTE control & support	Allows easy & continuous ACCESS
Modern & simple DESIGN	USER-FRIENDLY system, easy to learn
