Celebrate the Season of Giving

Diwali is when a company's gift is opened at home, in front of family. It's worth getting right. A good hamper is useful after the festival, generous in the hand, and unmistakably from you.

01 **Something they keep**

One lasting object in every box, like a bottle, a bag or a piece of tech, not just things that get eaten.

02 **Something they open first**

Organic edibles and single-origin chocolate from our partner brands, in your packaging.

03 **Something that says who sent it**

Your branding on the sleeve, the box and the insert card, with a note from your leadership.

Who We Gift For

The same four bands serve very different rooms. Tell us who is receiving and we will tell you which build lands best.

Employees

Large volumes, one build, identical boxes, dispatched to offices or to homes.

Leadership

Work and travel essentials, elevated, in the Executive or Eco band.

Clients & Partners

Fewer boxes, heavier presentation: rigid packaging and a signed insert card.

Communities & Campuses

Volume-friendly builds for colleges, member groups and vendor networks.

The ATC Advantage

Gifting at scale only works when one team owns the whole chain. Curation, customisation, packing and dispatch all sit with us, which is why a two-thousand-hamper programme lands on the date it was promised.

01

In-house production

Printing, embroidery and packing under one roof, so quality checks and timelines stay ours to control.

02

A curated shortlist

You see a considered selection, not a catalogue dump. Every product here is one we already stand behind.

03

Branding, done with care

Sleeves, labels, insert cards and outer boxes carry your identity, approved on a physical sample first.

04

Delivered, not shipped

Bulk to one address or individual dispatch to homes across India, tracked to the last hamper.

Working Together

How an order runs, how long it takes to reach, and who to speak to. Send us the band and the headcount. The rest is our job.

AllThingsCustomized

How It Works

Five steps, and at every one of them something we own makes it faster: our own quoting desk, our own catalogue, our own branding floor, our own dispatch. Four weeks end to end, less when you need it sooner.

QUOTES IN HOURS

Brief & budget

Send a headcount and a per-head number on WhatsApp. Most quotes go back the same day, with two or three routes to choose from, and no minimum order to clear first.

40+ PRODUCTS

Curation

Nothing here is a fixed pack. Swap any inclusion for something else in the band across drinkware, bags, tech, desk and apparel, and we hold alternates in case stock moves.

SEE IT FIRST

Sample approval

A real hamper, fully branded, in your hands before the run starts, plus a digital mockup earlier. Nothing goes to production until you have signed off on the physical piece.

OUR OWN FLOOR

Production

Printing, embroidery, engraving and packing all happen on our own floor in Bengaluru, so quality and timelines stay with one team instead of three vendors.

PAN-INDIA, FAST

Dispatch

Bulk to one office or individual doorstep delivery across India, tracked to the last hamper. Metros move quickest; tell us the spread and we commit to a date.

Your Logo Goes on the Packaging

Merchandise takes branding on the product itself. Edibles take it on what holds them: the sleeve, the label, the box or the card inside. Every Veyr and Verboten product in this catalogue can be branded one of these four ways.

01 **Printed sleeve**: a band wrapped around the pack, printed with your logo and message.

02 **Custom label**: your branding applied to the jar, tin or pouch itself.

03 **Branded outer box**: the hamper box carries the branding, and the products sit inside as they are.

04 **Insert card**: a printed note from your leadership, tucked in with the food.

Customisable down to the smallest detail

Every hamper in this catalogue is a worked example, not a fixed product.

1. Pick a hamper type

Classic, Eco, Premium or Executive:
pick the band that fits your budget and audience.

2. Choose what goes in

Everything shown is indicative:
pick from a wide range of products, sizes and colours.

3. Brand it

Every piece you've chosen is branded
with your logo or brand identity.

Build It Your Way

You decide what goes where, we bring it to life.

Timelines & Delivery

LIVE NOW ATC Express

A faster delivery lane on a select set of products in Bengaluru, Mumbai and Delhi NCR. Ask at quoting time to check which pieces in your build qualify.

TIER	COVERS	WINDOW
Tier 1 cities	Bengaluru, Mumbai, Delhi NCR, Chennai, Hyderabad, Pune, Kolkata	from 5 days
Tier 2 cities	State capitals and large district centres	from 10 days
