TC-CP 019/2016

21 June 2016

Subject: Clarification of News report.

To: The President
The Stock Exchange of Thailand

According to the press reports, the Ministry of Information and Communication Technology and the National Broadcasting and Telecommunications Commission (NBTC) met recently to discuss a regulatory framework for governing the satellite business under the Telecommunications Business Act, B.E. 2544. Thaicom Public Company Limited (the "Company") would like to inform the Stock Exchange of Thailand that the Company has not officially been informed by government agencies about this matter. And then the Company has been conducting its satellite business legally and transparently under the NBTC's license.

However, in order to find a resolution on this matter, a discussion between the company and the responsible government agencies is always welcome and shareholders will be informed of the result of this discussion via the communication channel of the Stock Exchange of Thailand.

Yours sincerely,

-Signed-

(Mrs. Yupapan Chatsirinoppakun)
Vice President of Executive Office and Company Secretary
