

Not Every Compliance Solution Comes Ready to Drive

GCC HIGH

Build it yourself. You own the complexity.

Complex
You build everything.

Time-consuming
Months of design, build, and testing.

Risky
High risk, hidden costs, unpredictable outcomes.

AVATARA

Start assessment-ready. We hand you the keys.

Assessment-ready
In as little as 60 days.

Inherited Compliance
80% of CMMC Level 2 practice objectives inherited on Day 1.

Fully Managed
Policies, monitoring, documentation — all included.

Lower Risk, Lower Cost
Predictable outcomes, faster time to value. included.

avatara

Changing the starting point.
Compliant by Design. Inherited from Day 1.

GCC High Creates a Costly Build-Your-Own Approach

DESIGN & CONFIGURATION
The environment must be architected, configured, tested and validated before it is ready.

DOCUMENTATION & EVIDENCE
Controls must be documented and evidence maintained for assessment.

ONGOING MANAGEMENT
Monitoring, updates, security operations and compliance activities continue after implementation.

INTERNAL RESOURCES
Your team or partner remains responsible for coordinating the environment over time.

AVATARA CHANGES THE STARTING POINT

A purpose-built, fully managed information system delivers more of the operating model from the start.

PURPOSE-BUILT PLATFORM
Built on a FedRAMP Moderate Equivalency foundation.

INHERITED COMPLIANCE
80% of 320 CMMC Level 2 practice objectives inherited on Day 1.

ASSESSMENT-READY
A clear path to readiness in as little as 60 days.

INFORMATION SYSTEM
More than a narrow CUI enclave.

FULLY MANAGED
Policies, monitoring, documentation, secure storage, MFA, hosted email, secure file sharing, backups, support and security response.

CLEAR ASSESSMENT PATH
Works with an independent authorized C3PAO partner.

30-60-90 DAY DELIVERY

The traditional path begins with design and assembly. Avatara begins with an existing compliant foundation.
