

# TAILGATE SAFETY

The FGI believes it is important to always put safety first.

Our **Tailgate Safety Program** is a safety training resource for construction and other high hazard industries. Print out and conduct training right from your tailgate on the job site, or in a formal meeting at your office.

## Safety training for the job site & the office!

### Toolbox Safety Meetings - 9/1/2025 - Brian Fraser of Layfield Geosynthetics

#### Toolbox Meetings: Why They Matter

- Promote a safety-first culture
- Improve employ safety communications
- Increase hazard awareness
- Encourage worker engagement and ownership of safety

#### Toolbox Meeting Best Practices

- Keep meetings **short (10–15 min)** and **focused**
- Performed **everyday & documented**
- Make topics **relevant** to daily tasks
- Use **visuals and demonstrations**
- Choose topics that are **timely, varied, and include real-life examples**
- **Make them interactive**

Safety tips are presented monthly by FGI members & industry experts
