BIOGRAPHY

Pedro Musa joined Licks Attorneys in 2025 as a mechanical engineer and patent specialist. He is experienced in the prosecution of patent and industrial design applications in Brazil, from filing to grant. Furthermore, Mr. Musa has vast background and technical knowledge in assisting his clients with the best possible solutions to overcome Office Actions issued by the Brazilian Patent and Trademark Office.

Prior art searches and patent drafting are among further abilities comprised in Pedro Musa's skillset. In his previous firm, he also gained experience dealing with a wide variety of clients and cases, from all industry fields.

EDUCATION

- Bachelor's Degree (B.Sc), Mechanical Engineering, Pontifical Catholic University of Rio de Janeiro – PUC-Rio (2020).
