Tool register

Your tools in one list: what they are, serial numbers, when you bought them, where they live

One line per tool. Start with the ones you rely on most. Take a photo of each tool and its serial number plate, and write the photo file name in the last column. Keep a copy on your phone and a printed copy at home.

Tool	Make and model	Serial number	Bought (date)	Paid ($)	Who uses it	Where it is kept	Photo file name
