Cactus Insurance

Quote-ready checklist

What to have ready for a business insurance quote, page 1: your business

Fill this in before you ask for a quote, so the call with your broker is short.

What you do day to day

The gear you use (tools, plant, equipment)

Your business details (name, how long you have been going, number of people)

Your current policy details, if you have a policy

Your claims history (past claims, roughly when)

General information only. It isn't personalised advice. Talk to a broker about your situation.
