

Primary Location of work: Fort St. John, BC/NE British Columbia

Position(s): Junior Archaeologist

Prospect Environmental has an exciting opening for a full-time Junior archaeologist to join their distinguished team. As a junior archaeologist you will gain valuable work experience in a supportive environment that will encourage your advancement and success within the cultural resource management profession. If you possess a combination of any or all of these skills, and are looking for growth both professionally and personally, contact us today. With a transparent, communicative, and strong support team in place, we can help you to make this position your own. Email resume and associated information to [agoertzen@prospectenv.ca](mailto:agoertzen@prospectenv.ca).

The following are some of the responsibilities for the role of **Junior Archaeologist**:

- Participate in archaeological field work for Preliminary Field Reconnaissance surveys, Archaeological Impact Assessments, POST impact assessments and Construction Monitoring under the guidance of a supervising archaeologist;
- Assist in background research and reporting
- Aid in the collection and management of field data record using GPS and Eos;
- Work closely with and support First Nations communities to facilitate their participation in projects as well as other environmental professionals and construction crews.

A successful candidate will possess a combination of the following skills and qualifications:

- Must hold a bachelor's degree or technical diploma in the field of Archaeology or Anthropology;
- Basic knowledge of archaeology in Northeastern BC (Sub-Arctic Boreal Forest);
- Ability to take direction and work with team members to complete projects on schedule while striving to exceed proponents' expectations;
- Ability to participate in strenuous field work, including walking for extended periods, digging and the use of field equipment.

Safety Tickets (preferred, but not required):

- First Aid level 1 with Transportation Endorsement
- Valid Class 5 Drivers License
- H2S Alive
- Common Safety Orientation
- Transportation of Dangerous Goods
- WHMIS
- ATV\UTV training

## Compensation & Benefits:

Prospect offers an excellent compensation package of competitive wages and benefits and will vary based on qualifications and experience.

- Hourly Compensation range: \$28+ (dependent on role and experience) with all overhead work time compensated accordingly;
- Benefits after 3 months of employment;
- RRSP matching; and
- Retention Bonus paid for each five years of employment at each five-year interval.

References are required.

Thank you and please note that only potential candidates will be contacted for interviews.
