

# NEBRASKA PUBLIC POWER DISTRICT

Schedule: IRRIG-1 Issued: 11/19/25  
Supersedes Schedule: IRRIG-1 Issued: 11/20/24  
Sheet No.: 1 of 5 Sheets

## IRRIGATION SERVICE RATE SCHEDULE (Name of Schedule)

AVAILABLE: In the retail distribution service territory of the District.

APPLICABLE: To Customers with year-round irrigation service when all service is supplied through a single meter.

CHARACTER OF SERVICE: AC, 60 hertz, at any of the District's standard three-phase distribution voltages, as available. Where the District does not have three-phase but has single-phase service available, single-phase motors not to exceed ten horsepower (10 HP) rating may be connected under this Rate Schedule. Connection of single-phase motors larger than ten horsepower (10 HP) requires the District's approval based on District operating standards and electric utility engineering judgment.

IRRIGATION SEASON: June 1 through September 30.

BASE RATE:

Subject to application of Retail Production Cost Adjustment (PCA) Rate Schedule.

Fixed Charge:

kW Installation  
(Rate Code 60)

Payable the 1 <sup>st</sup> Billing Period on or after May 1	\$32.00 per kW
Payable the 1 <sup>st</sup> Billing Period on or after August 1	\$20.50 per kW
Total Fixed Charge*:	<u>\$52.50 per kW</u>

\*The Total Fixed Charge shall not be less than \$420.00 for single-phase or \$600.00 for three-phase Customers.

**TAX CLAUSE:** In the event of the imposition of any new or increased tax or any payment in lieu thereof, in excess of that provided for under Article VIII, Section 11 of the Nebraska Constitution, by any lawful authority on the production, transmission, or sale of electricity, the rate provided herein may be increased to reflect the amount of such tax or in lieu of tax increase.

Effective: January 1, 2026

Approved: 11/13/25

Resolution No: 25-49

Issued by: Scott J. O'Neil

## IRRIGATION SERVICE RATE SCHEDULE (Name of Schedule)

### Energy Charge:

#### Summer:

For the prorated energy use from June 1 through September 30:

10.88¢ per kilowatt-hour for all use.

#### Winter:

For the prorated energy use from October 1 through May 31:

7.74¢ per kilowatt-hour for all use.

### BASE RATE ADJUSTMENT:

#### Lease Payment Adjustment:

The basic rates include higher distribution system costs associated with service in rural territory. For irrigation Customers in urban rate areas, the lower distribution costs are offset by the inclusion of the lease payment costs, resulting in the same basic irrigation rates, subject to the following adjustments, applied to irrigation Customers in both urban and rural rate areas.

Customers that are in urban rate areas, as established by distribution system boundary or rate area maps, and served from distribution facilities for which the District does not have a lease payment or debt service obligation will have the basic rates (excluding PCA but including applicable power factor adjustment) adjusted to exclude such lease payment and debt service costs by the following formula: Basic Rates x (1 - applicable lease payment or debt service obligation percentage).

Customers that are in rural territory served from distribution facilities leased by the District upon whose revenues the District is obligated to make a lease payment will have the basic rates (excluding PCA but including applicable power factor adjustment) adjusted to include the lease payment by the following formula: Basic Rates ÷ (1 - applicable lease payment obligation percentage).

**TAX CLAUSE:** In the event of the imposition of any new or increased tax or any payment in lieu thereof, in excess of that provided for under Article VIII, Section 11 of the Nebraska Constitution, by any lawful authority on the production, transmission, or sale of electricity, the rate provided herein may be increased to reflect the amount of such tax or in lieu of tax increase.

## IRRIGATION SERVICE RATE SCHEDULE (Name of Schedule)

### Gross Revenue Tax Adjustment:

Customers located inside the corporate limits of a community, upon whose revenues the District is obligated to pay a five percent (5%) Gross Revenue Tax, will have the basic rates (including PCA and applicable power factor and lease payment credit adjustments) adjusted to include the five percent (5%) Gross Revenue Tax by the following formula: Basic Rates  $\div$  0.95.

**MINIMUM ANNUAL BILL:** Fixed Charge, subject to applicable Base Rate Adjustment.

**FIXED CHARGE DETERMINATION:** The demand for determining the Fixed Charge will be the highest measured 30-minute demand in the summer months of June through September of the preceding year. For new installations or when no demand was recorded from the prior Irrigation Season, the demand used in determining the Fixed Charge for the current Irrigation Season will be the product of the pump motor nameplate horsepower rating plus  $\frac{1}{2}$  of the combined nameplate horsepower rating of all motors on the irrigation drive mechanism multiplied by a factor of 0.829. This factor is based on 1 HP being equivalent to 0.829 kW, which assumes 90 percent motor efficiency. Where the nameplate of the motor is not available, the horsepower used in the calculation will be determined by an actual measurement of horsepower input to the motor operating under maximum load conditions. The District reserves the right at any time to check the Customer's load for recalculation of the monthly billings.

**PAYMENT OF FIXED CHARGE:** The Fixed Charge shall not be prorated except for newly constructed irrigation services. In such cases, the Fixed Charge shall be prorated on a daily basis based upon the remaining days of the Irrigation Season, beginning with the date the service is first connected.

**CONVERSION CHARGE:** A Conversion Charge of \$85.00 will be assessed for any Irrigation Service Rate Schedule change occurring between April 15 and September 30.

**TAX CLAUSE:** In the event of the imposition of any new or increased tax or any payment in lieu thereof, in excess of that provided for under Article VIII, Section 11 of the Nebraska Constitution, by any lawful authority on the production, transmission, or sale of electricity, the rate provided herein may be increased to reflect the amount of such tax or in lieu of tax increase.

## IRRIGATION SERVICE RATE SCHEDULE (Name of Schedule)

**USE OF SERVICE FOR PURPOSES OTHER THAN IRRIGATION:** At locations where the District has provided facilities for irrigation service, the Customer may use the facilities for purposes other than irrigation provided such service may be supplied from the District's facilities serving the irrigation pump. The other loads cannot exceed the capacity of the transformers which are sized to the irrigation load and cannot be operated when the irrigation pump is operating.

### TERMS AND CONDITIONS:

1. Service will be furnished under the District's Retail Service Rules and Regulations.
2. Extensions made for service under this Rate Schedule are subject to the provisions of the District's "General Extension Policy for Retail Electric Services and Facilities".
3. The District's General Customer Service Charges Rate Schedule shall apply.
4. Usage shall be prorated for application of a change in rate or changing from summer to winter or winter to summer rates. Such proration shall be accomplished by utilizing either the Customer's actual usage in each time period, or by fractionalizing the Customer's total usage according to the number of days of service corresponding to each time period by using the District's billing system.
5. Billing usage shall be normalized to 30 days when actual days of service is less than 27 days or exceeds 35 days in any given billing period.
6. The Customer shall not be permitted to change from the Irrigation Service Rate Schedule (IRRIG-1) to the Off-Peak Irrigation Service Rate Schedule (IRRIG-2) or to the Interruptible Irrigation Service Rate Schedule (IRRIG-3) during the Irrigation Season.
7. The Customer shall be permitted to change from any other District irrigation rate including the IRRIG-2, IRRIG-3, or the Standby Irrigation Service Rider Rate Schedule (SBIR-Rider) to IRRIG-1 at any time during the Irrigation Season. In the event the Customer elects to change to IRRIG-1 from either IRRIG-3 or the SBIR-Rider, the Customer shall pay for all electric energy supplied during the current Irrigation Season

**TAX CLAUSE:** In the event of the imposition of any new or increased tax or any payment in lieu thereof, in excess of that provided for under Article VIII, Section 11 of the Nebraska Constitution, by any lawful authority on the production, transmission, or sale of electricity, the rate provided herein may be increased to reflect the amount of such tax or in lieu of tax increase.

## IRRIGATION SERVICE RATE SCHEDULE (Name of Schedule)

plus the Fixed Charge at the IRRIG-1 rates. In the event the Customer elects to change to IRRIG-1 from IRRIG-2, the Customer shall pay for all electric energy supplied during the current Irrigation Season prior to conversion at the IRRIG-1 rate or the IRRIG-2 rate, whichever is greater, plus pay the Fixed Charge at the IRRIG-1 rate. The Customer shall also be assessed the Conversion Charge.

8. If the irrigation service is not used for two consecutive years, or when, in the District's judgment based on available information, no further use of such facilities is contemplated, the District may remove its facilities after proper notice has been given to the Customer.
9. The District retains and reserves the right, power and authority to modify, revise, amend, replace, repeal or cancel this Rate Schedule, at any time and in whole or in part, by resolution adopted by the District's Board of Directors.

**TAX CLAUSE:** In the event of the imposition of any new or increased tax or any payment in lieu thereof, in excess of that provided for under Article VIII, Section 11 of the Nebraska Constitution, by any lawful authority on the production, transmission, or sale of electricity, the rate provided herein may be increased to reflect the amount of such tax or in lieu of tax increase.
