MEMO TO: SUPERVISOR
TOWN BOARD

FROM: NICHOLAS DEVITO
SUPT. OF HIGHWAYS

DATE: DECEMBER 17, 2025

RE: 2026 MATERIAL BIDS

I recommend that a resolution be passed accepting low bid for Highway Materials for 2026 with the exception of mileage deviations for all categories picked up (F.O.B.) by trucks furnished by the Town of Somers. As you can see Thalle Industries is lowest bidder on the Bituminous Concrete (FOB) by approximately \$11.00 - \$13.00, but located in Fishkill (vs) Peckham Materials located in Bedford please leave it up to the discretion of the Highway Superintendent when it is or is not cost effective based on the load quantities and wait times. Bituminous materials and asphalt concrete are subject to price adjustment formulas.

If you should have any questions, please feel free to contact me.

NICHOLAS DEVITO
SUPT. OF HIGHWAYS

Dear Supervisor Scorrano:

Thank you for your letter dated November 20, 2025 regarding my expiring term on the Somers Zoning Board of Appeals. I was appointed earlier this year to the unexpired term of a former member of the Zoning Board of Appeals. I would like to be considered by the Town Board for appointment to a full term of the Zoning Board of Appeals.

Please include my name as part of the review process by the Town Board for 2026 and beyond as a candidate for the Zoning Board of Appeals.

Respectfully yours,

Thomas J. Burke

OFFICE OF THE SUPERVISOR
TOWN OF SOMERS

Dear Robert:

Gratitude and Joy are the only way to describe my experience being a part of the Somers Veterans Committee. Your willingness to establish a resource for our town's Veterans has been beyond beneficial. Their hearts and souls have been immeasurably enriched by your leadership to offer them wonderful opportunities.

For years prior to your arrival I asked for help - for the Veterans, to do more for them in some way. It went unanswered till you took office. I asked the Lions, members of the town board and more. Yet, it was you Robert. The son of a Somers Veteran, son of the Town of Somers, a young father and husband who cared enough to make a difference. A chance to honor the unsung heroes here in our beloved community.

So I write this letter to you - of resignation as a thank you letter in gratitude. It is with great respect for you Rob, a decent person whose impact is tangible and has grit in a world that is impersonal and divided. You're an inspiration to me, your kindness and respect for others to name a couple. You quietly go about improving Somers - never looking for acknowledgment. You are missing from photos and or videos because you're off coaching or at one of your kids school / events. You did the work and let it shine on its own, unconcerned about credit.

That's courage in a political world and true conviction for what's right and best for others. How lucky are we - the Town of Somers?!

I wish the Somers Veterans Committee great success and I am always here to support them in any way. I know they will do amazing things for other Veterans and beyond.

God Bless you for all you do and may God Bless America.

With Gratitude,

Kate O'Keefe

Hi Rob:

Yes, I will sign on for another term, knowing we need to make quorums to meet our federal funding reqs.
On another note, the Town website has a typo, it should read Alcoholics Anonymous, not Alanon.

Thanks so much, Margaret

Hello,

As a resident of Somers, I wanted to express how much my family and I cherish our local library; it is truly our favorite place in the community. I noticed on the town website that they are looking for volunteers to serve on the board and I am eager to become more involved and contribute to the community.

Thank you for considering my interest. I look forward to the possibility of working together to support our beloved library.

Subject: Re: Library Board of Trustees Interview

Hi Kim;

I am interested in (re)joining the town library board in order to support and extend the library mission in Somers. I enjoyed working to support the director in the past in the day-to-day challenges she faces, and I would like to help her fully prepare for strategic initiatives that she leads to improve the library's physical assets and community engagement. I bring many years of working in groups in financial technology to accomplish ambitious goals and successful project execution. I would bring 30 years of living in Somers and I think my perspective would be valuable to help the director accomplish her goals, within the constraints of how the people of Somers view and choose to fund their library. I think it is important to have a diversity of inputs and that Heritage Hills residents in particular often don't have a broad understanding of the town and what draws and keeps families here. I know and respect Jessica, Nola and Allison and would enjoy working with them again.

Thank you for your consideration.

Kind regards,

Bill
