**ROBERT SCORRANO**  
SUPERVISOR

**DECLARATION OF STATE OF EMERGENCY**

**Town of Somers, New York**

Please be advised that a **State of Emergency** has been declared in the Town of Somers, effective **2:00 PM on Sunday, January 25, 2026**.

This declaration is due to a winter storm currently impacting the area, with **heavy snowfall, extremely cold temperatures in the single digits, and changing weather patterns that may cause road conditions to become icy as the storm progresses**. These conditions are expected to create **extremely hazardous travel**, interfere with snow removal operations, and may include the risk of **fallen or downed power lines**, all of which pose a threat to public safety.

Residents are **strongly urged to stay off the roads** unless absolutely necessary so that our Highway Department crews and first responders can safely and effectively do their jobs.

As Supervisor of the Town of Somers, I, **Robert Scorrano**, am exercising the authority granted under **Section 24 of the New York State Executive Law** to ensure the protection of life, property, and public safety. The Town is fully mobilized and will provide all necessary assistance to safeguard the security, health, and well-being of our residents.

This **State of Emergency** shall remain in effect until it is determined that emergency conditions no longer exist and the declaration is formally lifted.

I appreciate the cooperation and patience of our residents during this challenging weather event.

**Robert Scorrano**  
Town Supervisor  
Town of Somers
