

THE SOMERS RECAP

THIS WEEK IN SOMERS

AROUND TOWN

- This Saturday at **1:00 PM**, Somers will mark the **16th Annual World Circus Day** at the **Elephant Hotel**, recognizing our community's unique place as the birthplace of the American circus. More than 200 years ago, **Hachaliah Bailey and Old Bet** helped lay the foundation for an American tradition that is still celebrated today. The event is an opportunity to reflect on that legacy and continue honoring an important part of our town's history.
- Also taking place on Saturday is the **E-Waste Recycling Day at SIS**, an important part of **Earth Week**, giving residents the opportunity to safely dispose of electronics and support environmental efforts.

A NOTE FROM THE SUPERVISOR

— **Rob Scorrano**
Supervisor,
Town of Somers

Spring brings a clear shift across our town — more activity, more progress, and a focus on getting things done. This is when planning turns into action, and the work taking place begins to show. Our approach is straightforward: stay focused, be responsible, and deliver results. Whether it's infrastructure, community projects, or day-to-day operations, the goal remains the same — to keep moving forward and serve the people of this community.
