

THE SOMERS RECAP

THIS WEEK IN SOMERS

AROUND TOWN

Summer has a way of reminding us how quickly time flies. Today marks the final day of another successful Parks & Recreation Summer Camp. Thank you to our staff, counselors, and volunteers who created a safe, fun, and memorable summer for hundreds of children. We hope every camper leaves with new friendships, lasting memories, and excitement for the school year ahead.

TOWN UPDATES

The Route 202/Warren Street Culvert Replacement Project reached an exciting milestone this week as crews began installing the new culvert, replacing aging infrastructure with a modern structure designed to serve the community for decades to come.

With this phase underway, work will continue with backfilling, roadway reconstruction, paving, and final restoration. Based on my conversations with the construction manager, the project remains on track to reopen before the start of the school year, weather permitting.

Thank you to all your continued patience and cooperation. As a reminder, the pedestrian bridge remains open for public use. [CLICK HERE FOR CULVERT REPAIR VIDEO](#)

COMMUNITY SPOTLIGHT

This week we say thank you to Library Director Jessica Veissy, who is leaving the Somers Library to begin a new professional chapter. Jessica's leadership and dedication have helped make the Somers Library a welcoming place for residents of all ages. On behalf of the Town Board and our community, we thank Jessica for her service and wish her every success in her new venture.

A SPECIAL RECOGNITION

Today, August 7, is National Purple Heart Day, a day dedicated to honoring the brave men and women of our Armed Forces who were wounded or made the ultimate sacrifice in service to our nation.

The Town of Somers has a special connection to this day. In 2013, the Town Board officially proclaimed Somers a Purple Heart Town, joining communities across the nation in recognizing the courage, sacrifice, and service of Purple Heart recipients and their families.

As a Purple Heart Town, we proudly reaffirm our commitment to remembering those who have been wounded in combat and honoring the sacrifices they have made in defense of our country.

SOMERS SNAPSHOT

Why is so much road work done during the summer?

It's a question we hear often. Warm weather and longer daylight hours provide ideal conditions for paving and utility work. Completing projects now also reduces disruptions when school resumes and traffic increases.

A NOTE FROM THE SUPERVISOR

— Rob Scorrano

Supervisor, Town of Somers

As summer winds down, a new season begins with school and fall activities just around the corner.

Somers is special because of those who serve our community—from camp and library staff to the many residents who volunteer and give back.

Thank you for helping make Somers a wonderful place to call home.

QUOTE OF THE WEEK

"This nation will remain the land of the free only so long as it is the home of the brave."

— Elmer Davis
