

THE SOMERS RECAP

THIS WEEK IN SOMERS

AROUND TOWN | PURPLE HEART TRAIL UNVEILED

A special tribute to our veterans was unveiled this week near the intersection of Routes 100 and 35.

A portion of Route 35 in Somers has officially been designated as part of the New York State Purple Heart Trail, recognizing Westchester County veterans who were wounded or killed in service to our country. The Purple Heart is one of our nation's most recognized military decorations, awarded to service members wounded or killed as a result of enemy action.

In a statement marking the occasion, the Supervisor shared:

"Somers is deeply honored to have a portion of Route 35 designated as the New York State Purple Heart Trail in recognition of Westchester County's Purple Heart veterans. Thanks to the leadership of Senator Harckham and Assemblyman Slater, this tribute ensures that the courage and sacrifice of these heroes will always be remembered here in our community."

UPCOMING EVENTS

• **Westchester County Mobile Shredder**
Tuesday, October 20, 2026, 10:00am-1:00pm

PROJECTS & PROGRESS | STATE POLICE BARRACKS UPDATE

A long-discussed project to establish a new New York State Police barracks on Route 100 continue to move through the planning process. The Town is advancing a subdivision plat for approximately 2.5 acres to accommodate a modern facility serving Somers and surrounding communities. The project has been discussed for many years, and the Town has worked with the agencies involved to address requirements and move the proposal forward. While additional steps remain before construction can begin, the subdivision process marks an important step in preparing the property.

INSIDE TOWN HALL | 2025 FINANCIAL AUDIT PRESENTED

At Thursday's Town Board meeting, PKF O'Connor Davies presented the Town's 2025 independent audit, reporting that Somers remains financially healthy. Auditors highlighted the Town's financial management and Moody's Aaa bond rating—the highest on Moody's municipal bond rating scale. The annual audit gives the Board and residents an independent review of Town finances and public funds.

TOWN BOARD UPDATE | STOP SIGNS MADE PERMANENT

At Thursday night's meeting, the Town Board voted unanimously to make the stop signs at Lovell Street and Westridge Drive permanent. The stop signs had previously been installed, and the Board's decision formalizes the traffic controls at the intersection. Residents traveling through the area should continue to observe the posted signs.
