INSIDE TOWN HALL | 2027 TENTATIVE BUDGET

Keeping Somers on Strong Financial Ground

This week, we continued reviewing the 2027 Tentative Town Budget, focusing on maintaining essential services, investing in our community, and protecting taxpayers.
The proposed budget calls for a 2.39% increase in the Town's tax levy, remaining compliant with New York State's tax cap, a record Somers has maintained since 2012. From 2023 through the proposed 2027 budget, our average annual tax levy increase has been just 2.21%. That reflects our continued commitment to responsible financial management.
The proposal also includes $500,000 for paving town roads, while supporting public safety, infrastructure, and essential services. Somers continues to hold Moody's highest Aaa credit rating.
Our commitment to the Somers Library remains strong. Since 2023, the Library's annual property tax levy has grown from approximately $1.07 million to $1.31 million in 2026, with $1.34 million proposed for 2027. If adopted, that would represent an increase of more than $269,000, or approximately 25.1%, over five budget years.
This tentative budget remains under Town Board review, with adjustments possible before adoption in December. Our goal: responsible spending, strong services, and lasting financial stability.

A NOTE FROM THE SUPERVISOR

— Rob Scorrano
Supervisor,
Town of Somers

The decisions we make today shape the Somers we leave for tomorrow. Whether we're planning next year's budget or working with neighboring communities, our responsibility is to look beyond today's needs and prepare for what comes next. It's a responsibility I take seriously, and one that guides the work we do every day.
Have a great weekend, Somers!
