

# Bevel

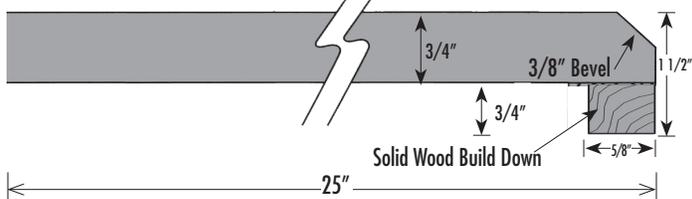

## General Information

- ❖ The front build-down strip is solid kiln-dried hardwood to resist moisture around sink and over dishwasher where steam escapes.
- ❖ The front edge and top of the backsplash have a 3/8" bevel which can be ordered in the same color of laminate as the surface or in an accent color.
- ❖ Matching mould is available for building island tops or capping ends for a complete bevel top.
- ❖ The cove has a 1/4" radius for easy clean-up.
- ❖ The backsplash has a 1/2" scribe to allow tolerance for uneven walls.
- ❖ Special bar and top widths are available upon request.
- ❖ Loose backsplashes are available for deck tops.
