

**“The biggest adventure you can ever take is to live the life of your dreams”**

This is **Jagan Kumar. B**, a blessed alumnus of **Kuyilappalayam Higher Secondary School**, is enthralled to assert my school life. I am basically from underprivileged background in Vanur Village, near Auroville and my **father is a Tailor** by profession. My teachers teach every subjects lively and interestingly. They were very friendly to clarify our doubts. I love my school and had a great special interest in science subject and dreamt to become a **Doctor!** Career Guidance and Counseling sessions in school gave me clear picture to sketch my direction. The school inculcates Extra – curricular activities and sports equally. I used to participate in Oratory competitions, Quiz programmes and won prizes. I am mastery over communicational skill, purely because of my school. I am proud to quote, that I have scored **1170/1200** ‘**Standing School First**’ marks in my Higher Secondary Board Exams, With Engineering Cut- off marks **198.75/200**.

Though I have been selected for Engineering Professional Degree course for 4 years through **Merit** from **Government Anna University**, I still had a strong desire to pursue **Medicine** and started preparing to clear U.G. **NEET** (National Eligibility Entrance Test) conducted by Central Government for common admission all over the country. I worked very hard and dedicated myself to target my goal. In the year 2019, I hit the exam scoring 550/720 marks and was on cloud nine when getting placement in **Government Kilpauk Medical College, Chennai**, to pursue **Bachelor degree in Medicine (M.B.B.S.)**. Everyday is a thrilled and sensational experience in transforming me as a better doctor. I have completed my House Surgeon this year and going to appear for **P.G. NEET** exam very soon to pursue **Master Degree in Medicine**.

I owe a great veneration to my school which fundamentally stimulates me to dream and be the strong reason to turn my dream into reality!
