I am Venkatesh. N, an almuna of Kuyilappalayam Higher Secondary School and I reside at a peaceful village near the beautiful township of Auroville. I came out with the marks **549/600**, in my Higher Secondary Board Exams, in the year 2021. Those school days were the strong foundation of my school journey, and I owe a lot to my dedicated and well-cared school management. Their constant support, encouragement, and belief in my potential gave me the confidence to dream big and work hard to achieve my goals.

After finishing my school, I initially joined at Oxford Engineering College in Trichy to pursue **Bachelor in Engineering in Electronics and Communications**. However, deep down, I knew that my true interest lay in the field of **Medicine.** With that goal in mind, I prepared for **NEET** (National Eligibility Entrance Test), which is Common Entrance Exam for Medicine – All India level. And in the year 2024, I was blessed scoring **666/700 marks.**

This score helped me secure admission in one of the topmost Medical colleges in Tamil Nadu – **Government Kilpauk Medical College, Chennai**. I am currently in the first year of **M.B.B.S.,** (Bachelor degree in Medicine).

I am ever proud to be a student of Kuyilappalayam School, where I learnt to be strong in determination which fulfilled my dream to become a Doctor. I would definitely keep up the name and fame of my school!
