

Free Entitlement Funding

FULLY FUNDED SESSIONS

Fairytale Forest is committed to ensuring that we offer an option of funded sessions that are available to all parents where funding wholly and totally covers all costs, and where no additional extras are obligatory and that no upfront cost is required so that parents have nothing to pay for their child to enjoy their nursery sessions.

For Year-Round Fully Funded sessions, we offer these on sessions between **13:00 and 17:24 Monday to Friday** (each session is 4 hours, 24 minutes; so 5 sessions will total the maximum 22 hours per week available when spread over 51 weeks of the year)

For Term-Time Fully Funded sessions, we offer these on sessions between **13:00 and 18:00 Monday to Friday**, with an option when all 5 afternoons are booked to extend one session to a full day to utilise all 30 available hours over a 38 week term time period.

There is a meal time at approximately 12:00, and 16:00 each day. Meals are not included as part of the session cost, and parents are to provide their child with a packed lunch.

We are a Nut-Free nursery, and all food provided must consider our nursery food and healthy eating policies which are available on request.

Additional Fees:

When Fully Funded Sessions are chosen, there is no registration fee or booking deposit required to confirm the place.

There is an option to pay an additional cost of **£6.00 per meal** for Fairytale Forest to provide the meal but there is no obligation to take this option at all.

Should we not receive payment by the invoice due date, a **late payment charge of £3.00** will be payable per day thereafter, and will be added on to the following months invoice.

We charge a **late collection fee of £10.00** per 15 minutes or part thereof. This will be invoiced in the following month.

All sessions are subject to availability, and for funding are subject to parents being eligible as per the government criteria. Terms and Conditions apply. Contact us for full price list, terms, conditions, and eligibility requirements and to discuss your options.

There is no requirement to take up additional hours, however if you wish to increase your sessions to full days or mornings we offer part-funded sessions where this is an option available to you. Contact us for more information.
