

MARINA PARKING POLICY

Welcome to the Harbour!

The below policy has been developed to set out temporary parking requirements during the construction of the new lift out facility.

Please note: Due to limited space available, we cannot reserve or guarantee spaces.

To ensure a safe, organised and fair parking environment for all users, please see the following:

Parking Areas

To allow us to improve facilities and services at the marina, parking on-site is limited whilst the new slipway/boatyard project is under way. Vehicles should only park within the designated areas as outlined below: **(Please see map).**

Location / Area	Bays Available	For
Main parking, by Marquee.	14 spaces	General Parking.
Garval Road, behind Harbour Office.	6 spaces	General Parking
Gas cages at Harbour Office.	2 blue badge spaces. 1 dropoff space. (15 mins MAX please.)	Blue badge holders and dropoff only.

General Parking Terms and Conditions

- **First-come, First-serve:** All general parking spaces operate on a first-come, first-served basis.
- **Dropoff Spot:** Located by the gas cages by the harbour office. **A maximum stay of 15 minutes please**, as others will need the spot.
- **1 vehicle per boat:** Due to the shortage of space, unfortunately each vessel is limited to a maximum of 1 motor vehicle in on site parking.
- **Key Policy:** Should you be going away sailing for more than 2 days, it would be beneficial if you could leave your car keys in the safe(s) in the Harbour Office, in case of emergency.
- **Space Dimensions:** Please park within the defined spaces and avoid blocking the access routes/manoeuvring areas.

What if the onsite parking is full?

- **Additional Parking:** Should our onsite parking be full, free parking is available around the town, specifically on the Harbour wall on Harbour Street, the bus stop car park and on Pier Road, after the Fish Quay.
- **Parking Restrictions off site:** Please do not park in residential side streets and always adhere to local parking signage.
- **Need a lift from/to offsite parking?** Should you have mobility issues, or the weather is particularly inclement, please do ask at the Harbour Office and we'll endeavour to assist you.

Away for an Extended Period?

If you are planning to be away from the site for an extended period and plan to leave your vehicle, please contact the Harbour team in advance. The earlier you do so, the more chance we may be able to find you a parking spot onsite.

As above, if you could leave your car keys with us, that would be appreciated.

***Parking is purely at the owner's risk, and The Tarbert Harbour Authority will not be responsible for any damage to motor vehicles or other property. ***
