## **SRMC Primary Care-Lisbon to Host Comprehensive Blood Screening**

On Saturday, April 25, area residents are invited to learn more about their health by participating in a comprehensive blood screening provided by Salem Regional Medical Center (SRMC) and SRMC Primary Care-Lisbon.

The screening event will take place at SRMC Primary Care in Lisbon, located at 38506 Saltwell Road.

Some of the tests included in the comprehensive screening include cholesterol, lipids, blood sugar, thyroid function, electrolytes and kidney/liver health. These tests are designed to detect conditions such as high cholesterol, diabetes, anemia, infections and other disorders.

### **Cost**

Cost of the comprehensive screening is \$50. Participants may also add specialized tests for:

- PSA (Prostate): \$15
- HgA1c (Diabetes): \$30
- Vitamin D: \$30

A lipid (cholesterol) panel, which is included in the comprehensive screening, is available as a stand-alone test for \$15.

### **Appointments**

Screenings begin at 7 a.m. and an appointment is required. To schedule an appointment or for more information, call 330-424-1404.

A service of Salem Regional Medical Center, SRMC Primary Care-Lisbon is the practice location of internal medicine physicians Alexis Hill, D.O., and Anna Orlando, D.O.
